Solutions: Concentration Control 3-5% Mix with RO Water

CNC 6 Machines for Steel (SKD11, S50C, S400), Aluminium and Acrylic.

Summary :

- We replaced the RC 719 with the RC832A.
- The result was a longer life. Coolant life 3-5 months.
- Good especially for use with Acrylic.
- Main customer of V.P. are Jtekt and Siam Cartonic.
